

DIGITAL LEARNING (INTERNET, SOCIAL MEDIA AND DIGITAL DEVICES)

Help for non-English speakers

If you need help to understand the information in this policy please contact the school on (03) 9803 8311 or email burwood.heights.ps@education.vic.gov.au

PURPOSE

To ensure that all students and members of our school community understand:

- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops and iPads)
- (c) the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- (d) our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet
- (e) the various Department policies on digital learning, including social media, that our school follows and implements when using digital technology
- (f) our school prioritises the safety of students whilst they are using digital technologies

SCOPE

This policy applies to all students and staff at Burwood Heights Primary School.

Staff use of technology is also governed by the following Department policies:

- [Acceptable Use Policy for ICT Resources](#)
- [Cybersafety and Responsible Use of Digital Technologies](#)
- [Digital Learning in Schools](#) and
- [Social Media Use to Support Student Learning](#).

Staff, volunteers and school councillors also need to adhere to codes of conduct relevant to their respective roles. These codes include:

- Burwood Heights Primary School's Child Safety Code of Conduct
- [The Victorian Teaching Profession Code of Conduct](#) (teaching staff)
- [Code of Conduct for Victorian Sector Employees](#) (staff)
- [Code of Conduct for Directors of Victorian Public Entities](#) (school councillors)

DEFINITIONS

For the purpose of this policy, “digital technologies” are defined as digital devices, tools, applications and systems that students and teachers use for learning and teaching; this includes Department-provided software and locally sourced devices, tools and systems.

POLICY

Vision for digital technology at our school

The use of digital technologies is a mandated component of the Victorian Curriculum F-10.

Safe and appropriate use of digital technologies, including the internet, apps, computers and tablets, can provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from learning that is interactive, collaborative, personalised, engaging and transformative. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students’ particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Burwood Heights Primary School believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and inter-connected world. Our school’s vision is to empower students to use digital technologies safely and appropriately to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults.

Digital Technology at Burwood Heights Primary School

Burwood Heights Primary School has a class set of computers in the library and each class is allocated at least one session a week. All classrooms also have a set of computers.

Classes at Burwood Heights Primary School have access to iPads and netbooks for specific lessons. Teachers will provide students with an iPad or netbook when they are required to use one and, at other times, students will have the choice to access an iPad or netbook to complement or assist with their learning.

The 3D printer is made available to students during the Tinkercad course. Once students have completed the Tinkercad course they are able to continue to design and print products. After an initial three free items students are required to pay to print their designs.

Safe and appropriate use of digital technologies

Digital technologies, if not used appropriately, may present risks to users’ safety or wellbeing. At Burwood Heights Primary School, we are committed to educating all students to use digital technologies safely, equipping students with the skills and knowledge to navigate the digital world.

At Burwood Heights Primary School, we:

- use online sites and digital tools that support students’ learning, and focus our use of digital technologies on being learning-centred
- use digital technologies in the classroom for specific purpose with targeted educational or developmental aims
- supervise and support students using digital technologies for their schoolwork

- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students
- have programs in place to educate our students to be safe, responsible and discerning users of digital technologies, including, Hector’s World, Cybersmart Challenge, Kids Helpline and Life Education.
- educate our students about digital issues such as privacy, intellectual property and copyright, and the importance of maintaining their own privacy and security online
- actively educate and remind students of our *Student Engagement* policy that outlines our School’s values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technologies for their schoolwork
- create an essential agreement with the students in each level regarding the safe and appropriate use of digital technologies
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities and removing offensive content at the earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service at school to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand the safe and responsible use of digital technologies and the strategies that can be implemented at home through regular updates in our newsletter and information sheets.

Personal student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify their classroom teacher classroom teacher and the principal, as appropriate, immediately.

All messages created, sent or retrieved on the school’s network are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

Information on supervision arrangements for students engaging in digital learning activities is available in our Yard Duty and Supervision Policy.

Social media use

Our school follows the Department’s policy on [Social Media Use to Support Learning](#) to ensure social media is used safely and appropriately in student learning and to ensure appropriate parent notification occurs or, where required, consent is sought. Where the student activity is visible to the public, it requires consent.

In accordance with the Department’s policy on social media, staff will not ‘friend’ or ‘follow’ a student on a personal social media account, or accept a ‘friend’ request from a student using a personal social media account unless it is objectively appropriate, for example where the student is also a family member of the staff.

If a staff member of our school becomes aware that a student at the school is ‘following’ them on a personal social media account, Department policy requires the staff member to ask the student to ‘unfollow’ them, and to notify the school and/or parent or carer if the student does not do so.

Student behavioural expectations

When using digital technologies, students are expected to behave in a way that is consistent with Burwood Heights Primary School’s *Statement of Values, Student Wellbeing and Engagement* policy, and *Bullying Prevention* policy.

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Burwood Heights Primary School will institute a staged response, consistent with our student engagement and behaviour policies.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This includes:

- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges
- other consequences as outlined in the school’s *Student Wellbeing and Engagement* and *Bullying Prevention* policies.

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- Available publicly on our school’s website
- Included in staff induction processes
- Discussed at staff briefings/meetings as required
- Available to all staff in our online policy folder on Staff Share and in the hard copy policy folder in the staff room
- Made available in hard copy from the school office upon request

POLICY REVIEW AND APPROVAL

Policy last reviewed	June 2022
Consultation	School Community – Published on the school website and article with link asking for input published in the school newsletter – 20/06/2022
Approved by	Principal – 20/06/2022 School Council – 20/06/2022
Next scheduled review date	June 2024

ANNEXURE A: ACCEPTABLE USE AGREEMENTS

Acceptable Use Agreements

ACCEPTABLE USE OF ICT AGREEMENT

Prep- Grade 4 Students

At Burwood Heights Primary School we support the right of all members of the school community to access safe and inclusive learning environments, including digital and online spaces. This form outlines the School's roles and responsibilities in supporting safe digital learning, as well as the expected behaviours we have of our students when using digital or online spaces.

At our School we:

- Have a **Student Wellbeing and Engagement Policy** that outlines our School's values and expected student behavior;
- Have a **Digital Technologies Policy** that outlines our commitment to the safe and responsible use of digital technology to enhance learning and development at our school;
- Have programs in place to educate our students to be safe and responsible users of digital technologies;
- Educate our students about digital issues such as online privacy, intellectual property and copyright;
- Supervise and support students using digital technologies in the classroom;
- Use clear protocols and procedures to protect students working in online spaces. This includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity, and other measures;
 - See: [Duty of Care Policy and Digital Technologies Policy](#).
- Provide a filtered internet service to block inappropriate content. We acknowledge, however, that full protection from inappropriate content cannot be guaranteed
- Use online sites and digital tools that support students' learning;
- Address issues or incidents that have the potential to impact on the wellbeing of our students;
- Refer suspected illegal online acts to the relevant Law Enforcement authority for investigation;
- Support parents and care-givers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home. The following resources provide current information from both the Department of Education & Training and The Children's eSafety Commission:
 - [Bullystoppers Parent Interactive Learning Modules](#)
(www.education.vic.gov.au/about/programs/bullystoppers/Pages/parentmodules.aspx)

- [iParent | Office of the Children's eSafety Commissioner](https://www.esafety.gov.au/education-resources/iparent)
(<https://www.esafety.gov.au/education-resources/iparent>)

SAFE AND RESPONSIBLE BEHAVIOUR

When I use digital technologies I **communicate respectfully** by:

- always thinking and checking that what I write or post is polite and respectful
- being kind to my friends and classmates and thinking about how the things I do or say online might make them feel (*ask students to reflect on how they would feel.*)
- not sending mean or bullying messages or forwarding them to other people.
- creating and presenting my own work, and if I copy something from online, letting my audience know by sharing the website link to acknowledge the creator.

When I use digital technologies I **protect personal information** by being aware that my full name, photo, birthday, address and phone number is personal information and is not to be shared online. This means I:

- protect my friends' information in the same way
- protect my passwords and don't share them with anyone except my parent
- only ever join spaces with my parents or teacher's guidance and permission
- never answer questions online that ask for my personal information
- know not to post three or more pieces of identifiable information about myself.

When I use digital technologies I **respect myself and others** by thinking about what I share online. This means I:

- stop to think about what I post or share online
- use spaces or sites that are appropriate, and if I am not sure I ask a trusted adult for help
- protect my friends' full names, birthdays, school names, addresses and phone numbers because this is their personal information
- speak to a trusted adult if I see something that makes me feel upset or if I need help
- speak to a trusted adult if someone is unkind to me or if I know someone else is upset or scared
- don't deliberately search for something rude or violent
- turn off or close the screen if I see something I don't like and tell a trusted adult
- am careful with the equipment I use.

At school we/I have:

- discussed ways to be a safe, responsible and ethical user of digital technologies.
- presented my ideas around the ways that I can be a smart, safe, responsible and ethical user of digital technologies.

I will use this knowledge at school and everywhere I use digital technologies

REVIEW CYCLE

This Acceptable Use of ICT Agreement was last updated in February, 2021 and is scheduled for review in February, 2024.

ACCEPTABLE USE OF ICT AGREEMENT STUDENT AND PARENT COMMITMENT

Please return to class teachers by Friday 11th February, 2022.

Student Commitment

I understand and agree to comply with the terms of acceptable use and expected standards of behaviour set out within this agreement.

This Acceptable Use Agreement applies when digital devices and technologies are being used at school, for school-directed learning, during school excursions, at camps and extra-curricular activities, and at home.

I commit to being a polite, safe, responsible and ethical user of digital technologies.

I will ask a trusted adult for help whenever I am unsure or feel unsafe.

I understand that there are actions and consequences established within the school's Student Wellbeing and Engagement Policy if I do not behave appropriately.

Student's name: _____ Grade: _____

Student's signature: _____

Parent/Guardian Commitment

I agree to allow my child to use Digital Devices and the Internet at school.

I have discussed the Acceptable Use Agreement with my child and I will contact the school if there is anything I do not understand or there is a situation that concerns me.

Parent/Guardian's Name: _____

Parent/Guardian's Signature: _____ Date: ___/___/___

ACCEPTABLE USE OF ICT AGREEMENT

Senior School

At Burwood Heights Primary School we support the right of all members of the school community to access safe and inclusive learning environments, including digital and online spaces. This form outlines the School's roles and responsibilities in supporting safe digital learning, as well as the expected behaviours we have of our students when using digital or online spaces.

At our School we:

- Have a **Student Wellbeing and Engagement Policy** that outlines our School's values and expected student behavior;
- Have a **Digital Technologies Policy** that outlines our commitment to the safe and responsible use of digital technology to enhance learning and development at our school;
- Have programs in place to educate our students to be safe and responsible users of digital technologies;
- Educate our students about digital issues such as online privacy, intellectual property and copyright;
- Supervise and support students using digital technologies in the classroom;
- Use clear protocols and procedures to protect students working in online spaces. This includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity, and other measures;
 - See: [Duty of Care Policy and Digital Technologies Policy](#).
- Provide a filtered internet service to block inappropriate content. We acknowledge, however, that full protection from inappropriate content cannot be guaranteed
- Use online sites and digital tools that support students' learning;
- Address issues or incidents that have the potential to impact on the wellbeing of our students;

ules.aspx)

- [iParent | Office of the Children's eSafety Commissioner](https://www.esafety.gov.au/education-resources/iparent)
(<https://www.esafety.gov.au/education-resources/iparent>)

SAFE AND RESPONSIBLE BEHAVIOUR

When I use digital technologies and the internet I agree to be a safe, responsible and ethical user at all times by:

- Respecting others and communicating with them in a supportive manner;
- Never participating in online bullying (e.g. forwarding messages and supporting others in harmful, inappropriate or hurtful online behaviours);
- Protecting my privacy by not giving out personal details, including my full name, telephone number, address, passwords and images;
- Protecting the privacy of others by never posting or forwarding their personal details or images without their consent;
- Talking to a teacher or a trusted adult if I personally feel uncomfortable or unsafe online, or if I see others participating in unsafe, inappropriate or hurtful online behavior;
- Thinking carefully about the content I upload or post online, knowing that this is a personal reflection of who I am and can influence what people think of me;
- Reviewing the terms and conditions of use for any digital or online tool (e.g. age restrictions, parental consent requirements), and if my understanding is unclear seeking further explanation from a trusted adult;
- Meeting the stated terms and conditions for any digital or online tool, and completing the required registration processes;
- Handling ICT devices with care and notifying a teacher of any damage or attention required;
- Abiding by copyright and intellectual property regulations by requesting permission to use images, text, audio and video, and attributing references appropriately;
- Not accessing media that falls outside the School's policies;
- Not downloading unauthorised programs, including games;
- Not interfering with network systems and security or the data of another user;
- Nor attempting to log into the network with a user name or password of another student.

In addition, if I have a personal mobile phone I agree to be a safe, responsible and ethical user at all times, by:

- Handing in my mobile phone to the front office every morning;
- Only taking and sharing photographs or sound or video recordings when others are

aware the recording is taking place and have provided their formal consent
