

HOUSE ATHLETICS DAY

On Wednesday 18th February, Level Three students were very excited as they took part in the annual House Athletics Day at Bill Stewart Athletics Track. They were dressed in house colours and were excited to walk down to the track with the other students.

The students took part in different activities ranging from discus, hurdles, shot-put and triple jump and still had time to cheer loudly and support their team mates. It was a great day as the students all tried their best and had fun at the same time.

Once again, the students competed against the teachers and parents in a relay sprint. Once again, it wasn't the result that the students wanted. The teachers were the victors, again! There's always next year!
