SCHOOL'S PRIVACY POLICY

The Department of Education and Training values the privacy of every person and is committed to protecting information that schools collect. All staff, including contractors, service providers and volunteers of the Department and our school must comply with Victorian privacy law and this policy.

In Victorian Government schools the management of personal information and health information is governed by the Privacy and Data Protection Act 20154 (Vic) and Health records (Act 2001 (Vic) – collectively Victorian Privacy Law.

Our Privacy Policy is reviewed regularly to take account of new laws and technology and the changing school environment when required.

Please read the School's Privacy Policy which is attached to this newsletter.

TRAVELLING TO AND FROM SCHOOL

Walking or cycling to school is a great way to get a healthy start to the day. It can also be a good opportunity to teach your child about traffic safety. It is important that you discuss the route used to go to and from school and that this advice is followed if your child is not walking or riding with you:

- *Only walk/ride the route discussed with you
- *Go directly to the destination
- *Walk/ride with a sibling, friend, or someone else from school, if possible

If students are attending sport or dance practice or any other function after school, they should be picked up by parents or a letter written to the supervising teacher if other arrangements are made.

HOW DO WE KEEP OUR STUDENTS SAFE WHEN USING THE INTERNET?

The impact of the internet on education is not straightforward. There is little argument that the internet is a valuable tool for students, providing easy access to a wide range of materials for homework and research. It serves as a teacher to students from where you can ask anything and it will answer you, as well as it can be used to quickly gain information and knowledge on almost everything. The internet is important because it gives access to both students and educators to vast educational resources. It provides students of any age with the ability to collaborate with others and answer questions they cannot answer on their own.

As with any tool there are some inherent risks to students using the internet. I offer the following information with the intent of raising awareness of some strategies that can be used by us all to counter these risks.

The Department has clear guidelines on Acceptable Use for staff, students, and parents, with a written agreement between students, parents, and the school to abide by the conditions in the agreement, which we ask all parents to sign. We are doing everything possible to ensure our students are not exposed to inappropriate material online

Given the recent publicity about detection and cyber-predators, we all have a part to play in keeping our students safe. **At home, parents** can take the following steps to ensure their children's online experiences are safe and pleasant:

- 1 Remind your child that people online may not be who they say they are.
- 2 Remind children that identifying information also includes school, year group, hair colour, suburb, sporting team and picture. Children need to be aware that any information they post on the Internet is public and difficult to remove.
- 3 It is helpful to keep the computer in a public area at home, so you can keep an eye on what's going on.
- 4 Reinforce safety messages and continue to remind children of the need to protect their privacy.
- 5 Encourage them to log out of a chat session if it becomes unpleasant or uncomfortable, and to speak with a parent or trusted adult when these issues arise.
- 6 Specifically, they should not give out personal information such as name, address, telephone number (including mobile phones) and should check profiles to ensure the information there doesn't identify them.

Report inappropriate behaviour or material, e.g., call the police, contact your Internet, or chat room provider, or contact the Virtual Global Task Force (http://www.virtualglobaltaskforce.com/reprt_abuse.html)

To report inappropriate behaviour or material you can call Crime Stoppers: 1800 333 00

MEDICATIONS AT SCHOOL

It is crucial that all medications are handed to the office staff. Medical Authority forms must be completed. Any medication that needs to be given at school, must be in its original container with your child's name on it.

Please do NOT give it to your child to carry to school or place in your child's bag. It is extremely dangerous if the medication falls out of their pocket or bag and is picked up by another child in the playground

The only exception is Ventolin and some types of cream. Students are permitted to carry Ventolin so they can administer it without delay.

UNIFORM SHOP TRADING HOURS

Uniform orders may be placed on QKR at anytime. If you are unable to access QKR, please complete the uniform order found on the website and deliver it to the front office.

Every endeavour will be made to process orders within a week.

Homecraft Recipe

Cheese and Vegemite Scrolls

Make a batch of these tasty vegemite and cheese scrolls and take the hassle out of packing a healthy lunch box. !

Ingredients (Makes approximately 48)

- 4 sheets puff pastry, thawed
- $\frac{1}{4}$ cup vegemite
- 3 cups grated tasty cheese (500 gm)
- 1 egg, beaten

Method

1. Preheat oven to 220c. Line 3 baking trays with baking paper.
2. Place pastry, 1 sheet at a time, onto a chopping board.
3. Spread vegemite over pastry. Sprinkle cheese over vegemite.
4. Starting from the edge nearest you, roll up pastry, 1 sheet at a time. Be careful not to roll the pastry sheets too tight.
5. Cut each roll into 12 equal portions. An easy way to do this is to cut each roll into quarter, then cut each quarter in 3. Brush pastry scroll tops with beaten egg.
6. Place scrolls, cut side up, onto baking trays, allowing room for spreading. Bake for 15 to 20 minutes or until pastry is golden and cheese is melted. Allow to cool for 5 minutes on trays before transferring o a wire rack. Serve.
7. Mix the rice bubbles, icing sugar, cocoa, and coconut.
8. Slowly melt the copha in a saucepan over a low heat. Allow to cool slightly.
9. Add rice bubbles mixture, stirring until well combined.
10. Spoon mixture into paper patty cases and refrigerate until firm.

Enjoy!
