

STREET SCENE INCURSION

by James

Stop! Look! and Listen! The
Racy came and taught us
all about road safety.

We learnt how to cross the
road safely and then we learnt
if we were under 145cm to we
have to sit in the back and on
a booster seat. Also we have to
hold hands with an adult. I felt
good because it was a fun way
to learn about road safety.
